## A Pastor's Library

His ability to wisely and graciously answer a wide spectrum of questions on the Bible and Christian living has made **Adriel Sanchez** an already-beloved voice on Christian radio. Each day at 1:00PM CT, Adriel and co-host Bill Maier respond to callers on Core Christianity.

While also lead Pastor at North Park Presbyterian Church (San Diego CA), if you follow Adriel's active social streams, you'll know that he is a devoted husband to wife, Ysabel, and dad to five little ones (referenced below!).

WELCOME TO MY BOOKSHELF

# **Adriel Sanchez**

How do I organize my books!? That's just the problem. Most of my library is scattered, and only I know where a particular book might be. Unless, of course, it has been lifted by one of my kids. They enjoy using expensive theology books as cheap coloring books!

I've taken a picture of the most organized section for you, featuring an alligator head I was given by a dear brother in Christ from Louisiana, and a picture of me in the pulpit drawn on a Sunday morning by one of our young congregants 9!

## More About Core Christianity

Though just a few years old, **Core Christianity** is rooted in the rich history of its parent organization, Sola Media. Formerly named White Horse, Inc., Sola Media was founded by theologian and seminary professor, Dr. Michael Horton who is author of *Core Christianity: Finding Yourself in God's Story.* 

For more than 30 years, the organization has worked tirelessly to help Christians know what they believe and why they believe it. Today, in addition to the broadcast, the ministry offers a wide array of Bible studies and other resources to help believers dig deeper into God's Word, confident of the truth of Romans 1:16.
