On This Day...

MONDAY 4/26

In 1954, more than 1.8 million children participated in the *Polio vaccine field trials*, beginning with students from Franklin Sherman Elementary School in Virginia.

TUESDAY 4/27

On *National Tell A Story Day*, take this opportunity to share your testimony. For help on how to do this, visit Evangelism Explosion's website or tune in for *Share Life Today*.

WEDNESDAY 4/28

Often recognized for their distinctive vest or harness, service dogs are hard to miss. On *International Guide Dog Day* we praise these hard working companions for their faithful work.

THURSDAY 4/29

Imagine a guest list of 1,900 not counting the 1 million spectators and 2 billion TV watchers. The fairytale wedding of *Britain's Prince William and Kate Middleton*, in 2011, captivated the world.

FRIDAY 4/30

Who is your favorite Jazz musician? On *International Jazz Day*, not even closed concert halls can stop us from enjoying this smooth-sounding, soul-inspiring music. *Turn up the volume!*

DID YOU KNOW?

- Think your taste buds can handle this spicy tour? **Huy Fong Foods**, makers of the incredibly popular Sriracha hot sauce, offers a behind-the-scenes look at how Sriracha is made in their 650,000-square-foot **factory in Irwindale, California**, just east of Los Angeles.
- The tour tells the story of **David Tran**, a Vietnamese immigrant who first started **selling the red chili sauce out of his van** in the 1970s, eventually growing it into a multi-million dollar empire with a devoted cult following.
- After Sriracha fans **learn how the hot sauce is made**, the tour ends in the gift shop, appropriately named the Rooster Room. The illustration of a rooster appears on every green-capped bottle in honor of Tran's birth year in the Chinese zodiac.

IN OTHER WORDS...
