## DID YOU KNOW?

- Ever heard this word? A **rhombicuboctahedron** is a geometric shape with 12 rectangle, six square, and eight triangle faces. It's also the shape of the Belarus National Library in Minsk, the country's capital.
- In late October 1896, the **New York Times** announced it was offering \$100 for the phrase of 10 words or fewer that "more aptly" captured the newspaper's "distinguishing characteristics" than "All the news that's fit to print". As the contest unfolded in the fall of 1896, the *New York Times* amended the rules making clear it would not abandon its motto, but would still pay \$100 for the best suggestion.
- The **Lombardi Trophy**, which is presented annually to the winner of the Super Bowl is made each year by **Tiffany & Co.** and is valued at about \$50,000. The sterling silver trophy weighs in at about 7 pounds, making it easy for the victors to lift over their heads.

## IN OTHER WORDS...

"We are living in the very last days. We are living in the days just before Jesus Christ returns, and I do believe that God will show Himself powerful on behalf of those whose hearts are now turning towards Him."

—Carter Conlon

To hear more from Carter, air *It's Time to Pray* (1:00) and *A Call to the Nation* (25:00).

## Weekly Verse

"I call on you, my God, for you will answer me; turn your ear to me and hear my prayer. Show me the wonders of your great love, you who save by your right hand those who take refuge in you from their foes. Keep me as the apple of your eye; hide me in the shadow of your wings from the wicked who are out to destroy me, from my mortal enemies who surround me."

Psalm 17:6-9 (NIV)
