DID YOU KNOW?

- The world's most populous city? More than **37 million people live in the Tokyo** metropolitan region in Japan—accounting for about a quarter of Japan's total population. Another large chunk of that population is located in the city of Osaka, which stands at No. 10 in the world rankings, with a population just under 20 million.
- **Walt Disney World Resort**, which opened near Orlando in 1971, is the planet's biggest and most visited recreational resort. Spread over some 30,500 acres, Disney World attracts approximately 46 million annual visitors.
- In celebration of his inauguration on March 4, 1829, **President Andrew Jackson invited the American public to the White House**. Overwhelming crowds ruined many White House furnishings. Some guests stood on furniture in muddy shoes while others rummaged through rooms looking for the President.

IN OTHER WORDS...

—Charles Morris

Weekly Verse

"It is you alone who are to be feared. Who can stand before you when you are angry? From heaven you pronounced judgment, and the land feared and was quiet—when you, God, rose up to judge, to save all the afflicted of the land."

Psalm 76:7-9 (NIV)
