DID YOU KNOW?

- The only vegetable or fruit never sold frozen, canned, processed, cooked, or in any other form but fresh is **lettuce**.
- A 1631 reprint of the **King James Bible** was called the "Wicked Bible" because of an error. The commandment "Thou shalt not commit adultery" was mistakenly printed as "Thou shalt commit adultery."
- **Shaquille O'Neal** made the only three-point shot he would ever make in his entire career on Feb. 16, 1996. Despite only having one official three-point shot in his career, he has gone down in NBA history as one of the greatest of all time.
- The elevation in **an airplane can have a detrimental effect on the ability to taste things**. According to a 2010 study conducted by Germany's Fraunhofer Institute for Building Physics, the dryness experienced at a high elevation as well as low pressure reduces the sensitivity of a person's taste buds to sweet and salty foods by about 30 percent.

IN OTHER WORDS...

"Remember the nations of the world are but a drop of sand in the bucket compared to our Lord. He is the King of the universe and He loves every dimension of the globe and every dimension of the globe falls within His care and compassion. He is marching history toward a climactic moment."

—Max Lucado

Weekly Verse

"He gives strength to the weary and increases the power of the weak. Even youths grow tired and weary, and young men stumble and fall; but those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint."

Isaiah 40:29-31 (NIV)
