DID YOU KNOW?

- While Yuma AZ is not particularly known for its food, it does have one of the tastiest-sounding airport codes in the country. **Yuma International Airport (YUM)** is operated as a civilian airport in conjunction with the U.S. Marine Corps, who instead use the code NYL to identify it.
- Trains have a rich history in United States politics – among other things, they helped 19th-century candidates crisscross the nation and have frequently been the site of stump speeches. But **it wasn't until 1833 that a sitting President first rode on one of these so-called "Iron Horses."** Andrew Jackson rode a Baltimore & Ohio Railroad train on a pleasure trip from Washington, D.C. up to Baltimore.
- The **first apple pie recipe** printed was in England in 1381. The list of ingredients included good apples, good spices, figs, raisins, pears, saffron, and cofyn (a type of pastry crust).

IN OTHER WORDS...

"There are countless reasons for our hearts to break. But God knows the world needs to see that we are not embittered, or frustrated, angry, or resentful. Instead, let the world see your joy in the midst of your sorrow."

Weekly Verse

"Be careful not to practice your righteousness in front of others to be seen by them. If you do, you will have no reward from your Father in heaven. So when you give to the needy, do not announce it with trumpets, as the hypocrites do in the synagogues and on the streets, to be honored by others. Truly I tell you, they have received their reward in full."

Matthew 6:1-2 (NIV)
