I love Flight Radar 24. It's a free app that allows you to track—in real time—an airplane's flight path, altitude, ground speed, tail number and enough minutiae to kill a cat. One friend who shares my passion for aviation has the same software running 24x7 on an iPad in his office. There's *something alluring* about watching a very complex matrix of aircraft moving this way and that across the surface of the planet.

Candidly, my Flight Radar addiction is exacerbated by the fact that *the approach to SNA here in Orange County is right outside my office window*. The glide path is so close I can wave at passengers without leaving my desk. When they pass my window, planes are descending at 500 feet AGL and traveling about 140 knots. That's slow enough to see terrified passengers pressing their noses to the window. One time, I stood in our parking lot waving a huge American flag to make it easier to spot the office for a particular passenger!

Similarly, when I'm on one of those planes coming into John Wayne, I look for our office building by scanning for the most prominent building feature—the 10-foot satellite antenna on our warehouse roof.

However, as these photos confirm, that day has sadly come to an end. **Our big C-Band satellite dish is gone!** Taking the dish down confirms that **Amb-OS has fully migrated to "IP delivery"** of live and pre-recorded programs. This change was a consequence of our space segment provider not replacing the end-of-life bird we were using (SES2).

Subsequent to fully transitioning off satellite, our team set out to disassemble our primary satellite antenna on the roof. Sadly, our effort to remove and recycle hundreds of pounds of antenna steel and ballast yielded merely \$12.00 in recycling. Hardly seemed a worthwhile venture!

So ... **it's a new day for Amb-OS**. And while it may be harder to spot AAA when you're heading into John Wayne, just let me know ... I'll gladly greet you by heartily waving our U.S. Flag!

NRB Capitol Hill Summit & Building Dedication

Recently, the NRB hosted more than 50 broadcasters (members of the President's Council) to the organization's annual "Capitol Hill Media Summit." Always representative of the event location in Washington DC, the meeting featured updates from Brendan Carr (Chairman of the FCC) and Senator Ted Cruz (R-TX) along with a special series of White House briefings.

However, undoubtedly, the highlight of the gathering was the opening of NRB's brand new office strategically located on Capitol Hill. Members of the Executive Committee joined in the ribbon-cutting as James Ward (TLN) led the dedication of the facility.

NOTE: Coming to DC? Whether you need temporary office space, a place to record, or simply want to give in-person greetings to the NRB team, please do stop by! The office is located at: 800 Maryland Avenue NE in DC!

Enjoying an evening in DC, Jim & Diane Sanders with Faye & **Rich Bott** (President/Bott Radio Network).

Giving the charge at the dedication was **James Ward** (Chairman/CEO of TLN Media) with wife, Sharon.

Grateful for **John Sorensen's** work on the Executive Committee in addition to leading Evangelism Explosion, pictured with wife, Ann.

New President of Life Issues Institute, **Victor Nieves**, with predecessor **Brad Mattes** appreciating the view with EC member **Roger Lonnquist** (President/Your Network of Praise).

Participating in the Summit were **Allen Power** (President/Broadcast Media at Salem) with **Joel Rosenberg** (President/The Joshua Fund).

Troy Miller (President/NRB) does the actual cutting with EC members **Tony Hart** (President/GOGF Ministries), **Sharon Geiger** (Assistant GM/KCBI-Dallas) and Jim Sanders.

New Feature Films

We're pleased to let station partners know about these two new impactful resources. While very different presentations, each film is designed to encourage believers in their faith—and how to put it into action.

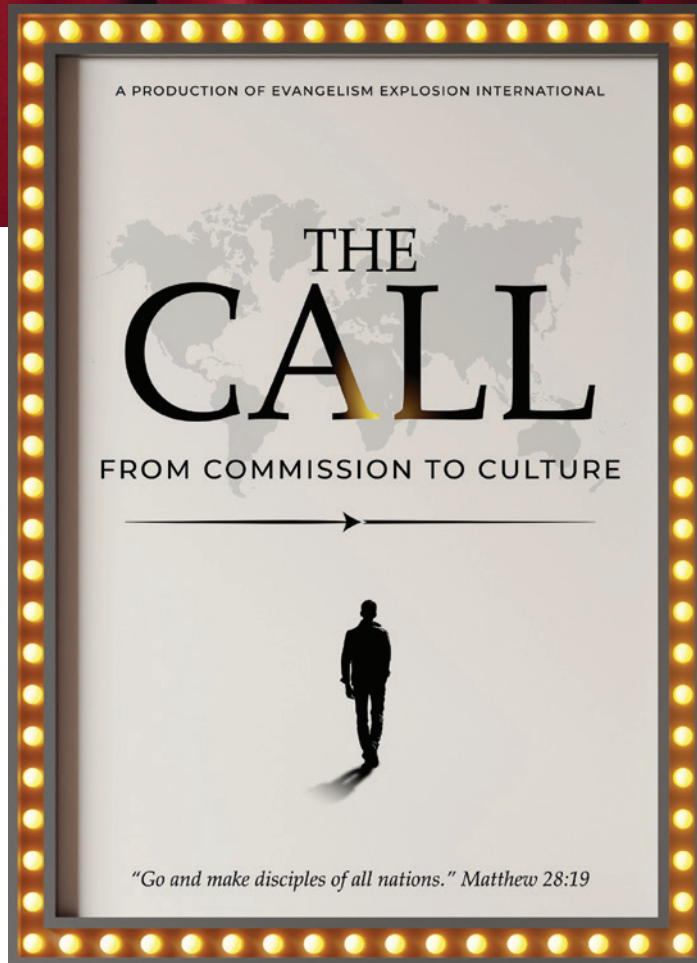

JUST
RELEASED

Presented by **Haven Ministries**, step into history with *Amazing Grace: The Untold Story*—a powerful docudrama that follows John Newton's dramatic transformation from a rebellious youth to a bold preacher during the Great Awakening. Experience the moment that gave birth to the world's most beloved hymn, first sung over 250 years ago.

Featuring actor John Rhys-Davies ("Raiders of the Lost Ark"), the movie was shot on location at Newton's church in Olney, England. The production also features insights from leading scholar Dr. Bruce Hindmarsh with **Charles Morris** hosting the production.

Stations are invited to request interviews; contact Tamara Chamberlain (tamara.chamberlain@haventoday.org) for scheduling and available resources.

What if the greatest revival we've never seen ... has already started? *The Call: Rediscovering the Great Commission in a World in Need* is a new documentary from **Evangelism Explosion** that is a powerful look at what happens when the Great Commission becomes who we are—not just what we do.

The film, which premiered in October, is part of EE's broader mission to equip believers to confidently share the Gospel and to disciple them to become effective witnesses—as is the daily 1:00 feature, "Share Life Today" with EE President **John Sorensen**.

For more details, contact Hannah Rariden (hrariden@eeworks.org) at Evangelism Explosion.

PLANNING AHEAD

Calendars for 2026

It's become a wonderful way to minister throughout the year ... these organizations continue to produce an annual calendar that not only keeps track of the days, but in various ways provides spiritual encouragement as well. Take a look!

From Joni and Friends

Featuring **Joni Eareckson Tada's** radiant "Lighthouse" artwork on the cover, the ministry's 2026 Planner is filled with Bible verses and inspirational quotes that highlight God as our Lighthouse and the Light of the World, illuminating the path of every believer in His love.

From Revive Our Hearts

Themed "In His Presence," the 2026 calendar includes daily Bible reading references for each day of the year, making it a practical tool to read through the Bible in a year. Uplifting quotes from **Nancy DeMoss Wolgemuth** are also part of the beautifully designed edition.

From Mercy Ships

Underscoring the physical as well as spiritual transformation that is the work of **Mercy Ships**, the ministry's 2026 calendar focuses on the stories of patients aboard the *Global Mercy* and the *Africa Mercy* as both ships continue to serve next year in Sierra Leone and Madagascar.

From Hutchcraft Ministries

In a world increasingly embroiled in conflict and unrest, this year's calendar focuses on the theme of *Peace*. With images and other content to encourage the shalom believers ought to know, keep track of the year with peace of mind!

DID YOU KNOW?

From **Ignite America** (Barry Meguiar)—a new resource titled *10 Ways to Deepen Your Prayer Life as You Lead Others to Jesus*, a practical guide to help believers pray with purpose and let God lead, inviting others to move closer to Jesus!

From **Grace to You**—a new booklet authored by **John MacArthur** titled *The Pillars of Christian Character* makes clear the Bible's blueprint for building the kind of inner foundation that puts God's power and righteousness on display.

From **Revive Our Hearts**—a new resource titled *Endure: A 40-Day Fortitude Challenge* with introduction from **Nancy DeMoss Wolgemuth**, designed to help us rely on Christ while cultivating courage, calm and confidence in Him.

For any of these resources, ask Rebecca@ambaa.com for a personal copy.

We obviously love what happens over the airwaves ... but there's a special delight in occasions for face-to-face fellowship and ministry! Here are two recent examples!

FAR
AND
NEAR

Our Team in Albania

Reporting on her most recent International service trip, **Lee Ann Jackson** writes: *Traveling to Albania with **Media Alliance International** was a true privilege. Leading sessions on social media and AI, I had the joy of equipping radio and church leaders while learning from their passion for the Gospel. Seeing their dedication reminded me how much we in the U.S. have to steward . . . and the blessing it is to come alongside brothers and sisters worldwide (2 Cor 9:11).*

Lee Ann joined **John McKinnon** (In Touch Ministries), **Gary Longenecker** (In Touch Ministries), **Dr. Ron Harris** (Media Alliance), **Bryan Bailey** (Prestonwood Baptist Church), and **Kyle Gilbert** (Media Alliance).

Leading a social media/AI training session.

The Media Alliance training conference included 124 attendees representing 10 countries including Albania, Bulgaria, Macedonia, Serbia, Kosovo, Romania, Croatia, Latvia, Greece and the U.S.

On the Road with David Wollen

Serving as both speaker and President of *Haven Ministries*, **David Wollen** reports that it was a "marathon day" as he participated in a sharathon for **Thy Word Network**. David shared on-air with hosts **Steve Hiller** and **Donna Leland** as GM **Floyd Turner** made sure all the technical aspects worked seamlessly. David's summary: "It was a great experience and I look forward to doing more of this with our station partners!"

To contact David on behalf of your station, send a note to Tamara Chamberlain at Tamara.Chamberlain@haventoday.org ... that's partnership at work!
